Month of Celebrations

The campus has been abuzz this month with back to back events celebrating Lunar New Year, Black History Month, and Science!

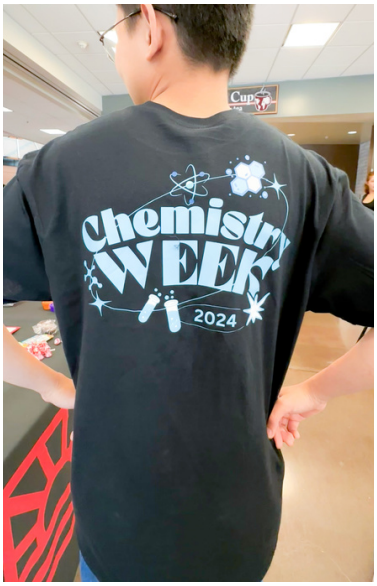

Associated Students of Skyline College (ASSC) and Chinese Students and Scholars Association (CCSA) painted Fireside red with a sea of new red and gold sweatshirts as they ushered in the Year of the Dragon with boba, calligraphy, and a chopsticks contest!

The Black Student Union and ASSC celebrated Black History Month with a Black History in Art Museum Walk-Through, a film screening of Poetic Justice, a Black Women in Medicine Panel, a Fashion Show, and a Block Party featuring local Black entrepreneurs.

Chemistry Week

The Chemistry Club created some intercampus bonds through a week-long ChemFest filled with arts and smarts. They brought their love of Chemistry to Fireside with Slime Monday, the Chemistry Poster Contest, Periodic Table Day, the Chemistry Magic Show, and a Chemistry in Everyday Lives Workshop. The Magic Show was broadcasted live on Instragram and featured fun experiments by our Skyline science professors and students.

Last year, Skyline College's President's Innovation Fund supported 23 projects.

Your donations helped fund the digitization of The Skyline View.

Skyline College

Growing Up Asian at the Art Gallery

Professor Amir Esfahani and the Skyline College Art Gallery presented "Portraits of Growing Up Asian," a photo exhibition that tells a visual story of a Chinese American family's journey from China to San Francisco's Chinatown. Everything in the collection is described from the viewpoint of Timothy Hall.

Sunset Soirée

Community businesses gathered at Skyline College for the Sunset Soirée mixer this month.

Thank you South San Francisco Chamber of Commerce, Newin Orante, Mary Prem, Teresa Proano, and Matthew DeVincenzi for organizing this event, the President's council members for your continued support, and all the sponsors for the great food and wine: Chajinel, Duggan's Serra Mortuary, Moonstar Kitchen, Republic Services, Sailesh Mehra, and SSF Scavenger Company.

Congratulations to the bingo winners!

PRIE Corner

As one of the key components of the People's College Initiative (PCI), launched by former President Moreno, the College partnered with the RP Group to carry out a comprehensive Campus Climate Review to understand students' and employees' recent experiences, and to establish a baseline to measure the impact of the College's current and future work toward creating an equitable environment for our community. These results were presented during recent webinars and are available to watch at any time on the Climate Review webpage.
